Regulations of the Theological Seminary

ANY candidate for orders in the Protestant Episcopal Church in the United States, may, on examination, be received as a student in the Seminary; and any other person, who may give sufficient evidence of a fair moral and religious character. The candidates for admission, not Bachelors of Arts, will be examined in Latin and Greek Grammar, Sallust, Cicero's Oration, Virgil's *Aeneid*, Jacob's Greek Reader, and the four Gospels and Acts of the Apostles; and on the general principles of Natural, Intellectual and Moral Philosophy, and Rhetoric. They will also be required to read an original composition.

Candidates for admission to an advanced standing, must pass an examination in the studies which the class they desire to enter, has pursued.

Every student, on admission, must subscribe the following declaration in the matriculation book of the Seminary:—

"We the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily effort by pious reading, self-examination and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The course of study occupies three years, including vacations, which are the same as in other departments.

The subjects of study during the Junior Year, are Hebrew, Biblical Geography, Biblical Antiquities, Septuagint, Historical Books of the New Testament, the Principles of Biblical Criticism and Interpretation, and the Antiquities of the Christian Church.

The subjects of study during the Middle Year, are Hebrew and Interpre-

tation of the New Testament continued, Christian Ethics, the Evidences of Christianity, Systematic Divinity, and Ecclesiastical History.

The Senior Class is occupied with the study of Hebrew, Systematic Divinity, Ecclesiastical History, Church Polity, the Composition and Delivery of Sermons, and the Duties of the Pastoral Office.

A weekly Exercise is conducted by the Professor of Sacred Rhetoric, in which the service is read, and a Sermon delivered by a member of the Senior or Middle Class,—and an Essay by some member of the Junior Class, in the presence of the Faculty. In addition to this exercise, each Student, once in two weeks, delivers an Extempore Sermon from a text previously furnished by the Professor.

Students are allowed to attend gratuitously, any recitations in Kenyon College which they may choose, provided they do not interfere with the appropriate duties of the Seminary.

A public examination of students takes place at the close of each year.

No charge is made for Instruction, Room rent, or use of Library. Indigent Students are aided from Scholarships, and from the funds of the Education Committee of the Diocese.

The Seminary Library contains between six and seven thousand volumes.

The following Societies exist among the students in Bexley Hall, viz :

RHETORICAL SOCIETY.—Exercises—Extempore sermon or address, and a debate by two of the members. Meetings weekly.

BEXLEY HALL MISSIONARY SOCIETY.—Object—Inquiry respecting Missions ; to establish Sunday Schools, and to employ other means of exerting a good moral influence in the vicinity of Gambier. Meetings semi-monthly. Rt. Rev. Bishop McILVAINE, President ; Rev. Dr. SMITH, Vice-President.

A READING ROOM has been established in Bexley Hall, to which the Students have free access; and which is furnished with the principal religious periodicals.

The Grammar School has lately been removed to Milnor Hall. This building, in which all School Exercises are conducted, is large and commodious, the Students' Rooms are airy and comfortable, and the grounds sufficiently extensive for purposes of recreation. A boarding-house is attached, at which the Principal and other Teachers, with the Students desiring to do so, take their meals.

Students belonging to this Department are permitted to attend Lectures and Recitations with the College classes, in such branches of study as they may desire and be qualified to pursue. It will be the aim of the Instructors to impart to students a sound, thorough, accurate and extensive business education.

Those wishing to study the French or German language, will have the opportunity. Tuition extra.

Weekly Rhetorical Exercises are held, in which all students of the Grammar School are required to participate.

Laws & Regulations of Kenyon College.

Matriculation.

No student even after his admission to College, is allowed to *matriculate*, until he shall have sustained a satisfactory probation of *at least twenty weeks*, and established a personal claim to the confidence of the Faculty. Matriculation alone gives accredited membership in the Institution, and renders the student upon whom it is conferred a proper candidate for degrees and honors. Should any student after matriculation, abuse the confidence on which that act proceeds, he may be degraded, *i. e.*, reduced again to the condition of a Probationer, and then further disciplined as the occasion may require.

The conduct of undergraduates is marked and reported as follows:—

Absence from Church, or leaving Church without excuse, will incur *two marks* of demerit, Tardy at Church, and absence from Daily Prayers will incur *one mark* of demerit, and Misconduct in Church from *one to five marks* of demerit, to be reported under the head of "Absences from Prayers."

Absence from Recitation, or failure to prepare a lesson, without excuse, will incur *one mark* of demerit, and misconduct during Recitation, from *one to five marks* of demerit, to be reported under the head of "Recitation Demerits."

Any Student who may be found absent from his rooms, or creating disturbance, by his conduct in or about the College buildings, in study hours, will incur from *one to five marks* of demerit, to be reported under the head of "Study Demerits."

All these marks of demerit will be reported, under the various heads, by the Patron, to the Parent or Guardian, at the close of each term.

Twelve delinquencies during one Term will incur a private admonition; twelve more a degradation from matriculation, of which the Parent or Guardian is to be informed, and twelve more a suspension from College.

Patronage.

Each Student, within six weeks after his admission, is required to choose some one of the Faculty to act as his *College Patron*. To his Patron he is at liberty, and is expected, to apply, as to a friend, whenever his inclination, or

circumstances may lead him to seek advice, or information on any subject connected with his academic standing, and pursuits, or with his personal welfare.

The Patron, on his part, is required to take an active concern in behalf of the client thus committed to his care:—exercising a parental guardianship over him, and giving him advice and caution as he may see occasion. In doing this, he will consult the wishes of the Parents as well as the interests of the Institution, and will take care to be advised of both, as may seem necessary for his client's welfare, so long as he remains connected with the Institution. The Patron will also, at the end of each term, forward to the Parent or Guardian of each Student under his charge, an account of the Student's deportment during the session, as well as his grades in each study pursued. Parents or Guardians not receiving letters at the expiration of each term are requested to communicate at once with the Faculty.

Religious Worship.

Students are required to be present at Church twice on Sunday, and on such other days as the Faculty may direct, and at daily Morning and Evening Prayers in the College Chapel.

Examinations and Public Exercises.

There is a regular Examination of all the Classes at the end of each Term. To attend and report on these Examinations a Standing Committee of nine is annually appointed by the Diocesan Convention; the examinations immediately preceding Commencement are also usually attended by the Bishop.

Students who by sickness, or any other unavoidable necessity, are prevented from appearing at the regular examination, may be examined *separately*; but no student, under any circumstances, is deemed to have made good his standing, or kept his term, till he has passed a proper examination.

Marks of Scholarship.

Every student at each recitation is marked, *unless previously excused*, from 0 to 10: the first symbol indicating a *total failure*, and the last a *perfect recitation*. When any one absents himself from a recitation, unexcused, he is marked 0. Parents are earnestly requested to have their sons prompt in attendance at the beginning of each Term, as absence at such time is highly injurious to the student, and materially affects his grade of scholarship.

The average grade of each Student will be reported by the Patron to the Parent or Guardian at the close of every term.

Literary Societies.

These are two, viz: The Philomathesian and the Nu Pi Kappa. They meet weekly in their respective Halls, and possess, each of them, valuable

and extensive Libraries. Occasional exercises are had by each of them in public.

Connected with the Grammar School is the Phi Delta Society, in successful operation. The members have access to the Libraries of the College Societies.

Libraries.

Boarding, &c.

Incidental Expenses.

The estimate of *expenses*, exclusive of cost of Text Books, and furniture for rooms, will therefore, be about \$150 per annum, exclusive of vacations. When convenient, it will be well for students to bring from home bedding, towels, &c.

Parents or Guardians may, if they desire, make their remittances through the College Patron, or in some way subject to his control; and may advise with him as to any allowance of money they may wish to furnish, over and above the estimate here given.

Valuable additions have lately been made to the Astronomical and Philosophical apparatus, the most of it made expressly for this College, and not surpassed in size and efficiency by that of any other Institution. The principal additions were a Plane Electrical Machine, of the largest size, the plate four feet in diameter, and mounted on a rosewood stand; an Air Pump of the first class, likewise mounted on a rosewood stand, together with necessary auxiliary apparatus for various experiments.

A large Achromatic Telescope, $7\frac{1}{2}$ in. clear aperture, equatorially mounted, and moved by clock work, has also been erected, and is sufficiently powerful to exhibit all the principal objects of interest in the heavens. Many donations have also been made to the Geological Cabinet.
